

**Clarifications against tender document and revised Schedule of Rates
against our tender No.55(2)2014-PUR/T-62 dated 05/12/2014
for providing the 3D Seismic Job Services and Topographical Survey**

1. **Stand by Charges:**

There will not be any stand by charges separately for the present work, since CSIR-NGRI is providing adequate field equipment. It is bidders responsibility to depute experienced personnel to handle the equipment properly without any delay during data acquisition.

However, the bidders may include the standby charges in per shot rate itself (it will be all inclusive rate).

2. **Up hole Survey:**

There will not be any up hole survey in the present work contract.

3. **Demobilization Charges:**

Demobilization charges may be included and quoted separately. as per the new format attached.
