INSTRUCTIONS TO BIDDERS

- 1.0 National Geophysical Research Institute (NGRI), a research institute under Council of Scientific and Industrial Research (CSIR) presently engaged in R&D work in Earth Sciences in different parts of India, proposes to carry out **2D/3D Seismic Job Services** in West Bengal and Jharkhand States.
- 2.0 Accordingly, National Geophysical Research Institute (NGRI), Hyderabad now invites bids under **Two Part Bidding system** (Techno-Commercial Bid Part-I and Commercial Bid Part - II) from capable and experienced parties for carrying out 2D/3D Seismic Job Services in the area West Bengal and Jharkhand States.

3.0 BID DOCUMENTS

- 3.1 The Bidder shall comply fully with the instructions contained in this Bid document. The bidder is expected to examine all instructions, sections, terms and conditions, specifications etc. in the bid documents. Failure to furnish all information, data as required by the bid documents or submission of a bid not substantially responsive to the bid documents in every respect will be at bidder's risk and may result in the rejection of their bid.
- 3.2 Bidders shall bear all costs associated with the preparation and submission of bid etc. NGRI will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.
- 3.3 Bids are to be submitted in triple sealed cover. The first inner cover will contain TECHNO-COMMERICAL bids having all details but with price column blanked out. This cover will clearly be super scribed "**TECHNO COMMERCIAL Bid (Part-I)**" bid along with bid number. The second sealed inner cover will contain only the price schedule duly filled in and signed and will be clearly super scribed "**Commercial BID (PART – II)**" along with bid number. These two covers shall be put into an outer cover and sealed. **The outer covers should duly bear the tender number and date of closing/opening of the bid prominently underlined, and should be addressed to the Director, NGRI.**

Bidders desiring to deliver the bid in person may handover the same to the Bid Receiving Officer at NGRI. Bidders may also submit their offers by registered post / speed post to reach NGRI on or before the due date and time.

4.0 EXPERIENCE OF THE BIDDER AND HIS PERSONNEL:

- 4.1 The Bidder as a Company / Joint venture Company should have proven following capabilities and executed at least two such jobs over the past five years.
1. Operation, handling and trouble-shooting of 2D/3D Seismic equipment and other allied jobs.
 2. Labour handling to perform such jobs for 2D/3D Seismic Surveys.
- Documentary evidence to substantiate the above experience criteria as per the Clause No. 4.1 shall be submitted along with the bid (part-I)
- 4.2 The following documents should be enclosed along with the Bid.
- a) The original copy of Bid document duly signed on each page as token of having accepted the terms and conditions of the Bid Documents. Proof of experience should be submitted along with techno-commercial (Un priced) bid.
 - b) Descriptive literature of the bidder's constitution, experience and past performance on similar jobs and capabilities of the personnel.
 - c) Technical details as per Bid Document duly filled in and signed.

- d) Exception, if any, to NGRI's terms and conditions of the contract.
 - e) Bidders are required to submit EMD as per Clause 9.1.
 - f) Any other information/details as required under Bid Document.
- 4.3 Bidders shall clearly indicate their legal constitution and person signing the Bid shall state his capacity as also the source of his authority to bind the Bidder. The power of Attorney or Authorization or any other document constituting adequate proof of the powers of the signatory to bind the bidder shall be annexed to the Bid. NGRI will reject outright any Bid unsupported by adequate proof of the signatory's authority.
- 4.4 The Bidder shall sign his proposal with the exact name of the firm to whom the contract is to be awarded. Executive of the Bidder's organization stating his rank/designation, enclosing a copy of his Power of Attorney to sign the Bid, shall duly sign the Bid.
- 4.5 **Bidders are required to indicate** the type and quantity of equipment including vehicles and list of personnel's qualifications & their experience (Seismic Job Services for seismic data acquisition etc.) to be deployed for the services to be rendered by them against this contract.
- 4.6 Relationship with NGRI.
The bidder shall declare in writing that neither he nor any of his associates is in any way related to any Officer of the rank of Under Secretary or above in CSIR/Laboratories. NGRI may decide not to deal with such firms who fail to comply with the above advice.
- 4.7 Canvassing in connection with the bid is strictly prohibited and the bid submitted by the successful bidder who resorts to canvassing will be liable for rejection.
- 4.8 Deleted.
- 4.9 Site Visit, Local condition etc:
- a. The bidder is advised to visit and examine the site of works and its surroundings and obtain for himself on his own responsibility, all information that may be necessary for preparing the bid and entering in to contract. The visit to the site shall be at the bidder's own risk and expense.
 - b. Failure to visit the site or failure to study the bidding documents will in no way relieve the successful bidder from furnishing any material or performing all works in accordance with the bidding documents, as a lump sum contract.
 - c. It will be imperative for each bidder to fully inform himself of all local conditions and factors which may have any effect on the execution of the contract as described in the bidding document in their own interest.
 - d. It is the responsibility of the bidder that such factors have properly been investigated and considered while submitting the bid proposals and that no claim whatsoever including those for financial adjustments to the contract awarded under the bidding documents will be entertained by NGRI and that neither any change in the time schedule of the contract nor any financial adjustments arising thereof shall be permitted by NGRI.

5.0 INSTRUCTIONS FOR FILLING BIDS

- 5.1 The Purchaser deem it necessary to amend the Bidding Documents as a result of a clarification, it shall do so. The clarifications and amendments issued would also be hosted on the website of the purchaser for the benefit of the other prospective bidders.
- 5.2 Bid document shall be filled complete in all respects and shall be submitted together with

requisite information. It shall be complete and free from any ambiguity, changes or interlineations. Bidders should quote for Seismic Job services, vibrator operation, Maintenance etc. as detailed in the scope of work, failing which the offer will be rejected.

- 5.3 The Bidder's Bid and any annotation or accompanying documentation shall be in English Language.
- 5.4 Bidder's shall set their prices/rate in figures preferably type written and without any qualification. Each figure stated should be repeated in words and in the event of discrepancy between the amount stated in figures and words, the rates quoted in words shall be deemed to be the correct amount. Illegible price bids will be rejected outright. Bids containing qualifying expressions subject to minimum acceptance etc. will be disqualified.
- 5.5 No clarifications shall be sought after opening of techno-commercial bids. Conditional bids indicating exceptions/deviations to bid conditions will be summarily rejected.
- 5.6 The bidders who are capable to take up the work shall submit the bids. Bidders should quote a FIRM PRICE and they shall be bound to keep this price firm and without any escalation for any reason whatsoever, until the completion of the contract period.
- 5.7 The price quoted must be NET PER UNIT shown in the schedule of rate and must be clearly shown in figures and words only in Indian currency.
- 5.8 No correspondence after opening of Bid will be entertained from the Bidder. However, if NGRI seeks any clarifications with respect to the bid the same is to be complied with.
- 5.9 Bid from Bidders not complying with the above instructions can be summarily rejected.

6. DATE OF BID SUBMISSION

- 6.1 Bid must be received in the office of Controller of Stores & Purchase, **NGRI, on or before 2.30 P.M - 23-12-2015**. The bids **will be opened at 3.30 P.M. on same day** in the presence of bidders who are desirous to be present.
- 6.2 NGRI shall not be responsible for any cost or expense incurred by any bidder in connection with his bidding against this bid and loss of bids in post/courier, regardless of the conduct or outcome of the bidding process.

7. VALIDITY OF BID

- 7.1 The bid must be kept valid for acceptance for 90 days from the date of closure of bid. Validity of bid can be extended by mutual consent

15. OPERATING RATE PER CHANNEL/SHOT:

- a) The successful bidder shall be paid the operating charges only based on the cost of every active channel per shot of acceptable data acquired by the NGRI in requisite format, at actual. Seismic Job Services charges should include all the charges for the maintenance of equipment / accessories, reports/maps/records generation, mob/demobilization of on/off crews, transport, messing, camp establishment/maintenance and repair/maintenance of support infrastructure, shifting of camp, medical care of personnel, hire of any support infrastructure, Continuous supply of power through generators, communication sets, cables, pegs etc. and day to day operational requirement not specified hereof. The charges are to be mentioned for each active channel per shot basis.
- b) 3D seismic data will acquire using minimum 48 active channels-maximum 96 active channels per line for each shot with 8-active receiver lines. The number of active channels per shot and total shots per Sq Km will be decided by CSIR-NGRI Scientists after experimentation. For Price computation total 676 shots / sq.km can be considered and accordingly quote may be submitted.
- c) 2D seismic data will acquire using 96 to 120 active channels per shot and total number of shots per one LKM is about 100. The price should be quoted for each active channel per shot.

TERMS OF REFERENCE / SCOPE OF WORK

QUANTUM OF WORK:

CSIR-NGRI proposes to acquire 2D/3D seismic Reflection data in two blocks covering about 9.0 sq. Km. of 3D Seismic survey and 20 LKM of 2D Seismic as shown in the below table. The work component may be variable by 10%. Location of three areas and their Lat-Longs are shown in the map. The block positions may change slightly before or during the data acquisition due to the obstructions in the field. This will be decided by the CSIR-NGRI Scientists before start of the work.

S. No	Area	3D Seismic	2D Seismic
1	Area 1a; Rangamati-B block, West Bengal and Area 1b; Radhanagar, Jarkhand	4.5 Sq. Km	----
2	Area 2; Patratu Block Jarkhand	4.5 Sq. Km	20 LKM

SEISMIC JOB SERVICES consists of following:

1. Laying of cables, connecting the BBU's / Geode DZ's / ground electronics and XLU's / LTU's, checking & laying the lines, connecting the batteries to the units, planting the string geophone bunches in a pit so as to avoid wind noise, charging of batteries etc employing sufficient technical and non-technical persons. The entire setup has to be picked up every day in the evening. Successful bidder should make adequate security arrangements to guard total seismic equipment with accessories like spread cables and electronics both in study area and in the base camp.
2. Proper roads / path ways have to be laid by the successful bidder breaking the bunds between plots and leveling the ground along recording and shot lines which includes clearing of bushes for planting the geophones, laying cables, smooth movement of vibrators / recording truck and other vehicles in the fields. The bunds have to be rebuilt after completion of the work by the successful bidder to the satisfaction of land owner. Any compensation to the land owner for this purpose should be met by the bidder. Compensation to third party as a consequence of damage to public property / crops during field operations (if needed) will also be successful bidder's responsibility. Leveling of site at the end of operations for the day should be carried out without fail and it is the bidder's responsibility to complete this job. JCB/Necessary equipment for the above jobs should be provided by the successful bidder at his cost.
3. The successful bidder has to take responsibility of execution of the entire work as like transportation and storage of cables & geophones, electronics, charging of batteries accessories etc., as directed by NGRI officials.
4. The successful Bidder has to establish a camp office with internet and FAX facility and sufficient storage place for equipment, parking of 8 NGRI vehicles (4 heavy vehicles and 4 light vehicles). Necessary arrangement should be made for 24 hrs power supply near the base camp/work site. The batteries have to be fully charged at bidder's facility everyday over night for next day's field work.
5. The successful bidder should provide adequate security arrangements for NGRI equipment, vehicles and field material at field site and base camp. In case of any loss/theft, NGRI material should be replaced at bidder's cost.
6. Bidder should provide two A/c Scorpio/ Xylo type vehicles in good condition to NGRI officials/staff during the field work period.
7. The successful bidder should provide experienced staff (with relevant equipment for battery charging, cable repair etc) in electronics / soldering, repair of cables, battery charging etc for the

entire duration of the field work. Successful bidder has to deploy minimum of sufficient numbers of experienced personnel for entire duration of the work so as to ensure that Seismic line is ready as per the instruction of the party chief on every working day.

8. Bidder should deploy suitable qualified (B.E / B.Tech in E.C.E) & experienced electronics service engineers and technicians in order to handle data acquisition system of Geode DZ's and LTU's, which consists of 24-bit ADC board, power and serial interfacing module boards and also seismic equipment accessories like spread cables, connectors, geophones, power cables, digital data cables, solar panels, etc for the entire field duration. They should able to rectify the problems with electronics during day to day field operations.
9. One Geophysicist should be engaged from bidder's side to monitor the day to day activities and supervise the seismic job services. He should coordinate with NGRI officials in field site for smooth execution of the work for entire field duration. Bidder should provide necessary communication sets to interact with NGRI field crew during the field work.
10. Logbook records of individual units, like checking of cables, Batteries, Geophones, charging of batteries etc. should be carried out daily so as to make the same available for the next day data acquisition.
11. Daily progress report should be submitted to the field party chief incorporating topographical survey points, production of the actual shots, bunds cutting and rebuilt, battery charging details, path making for vibrator and instrument vehicle, etc.
12. While data acquisition supplied solar panels should be used in field site for onsite battery charging. During data acquisition seismic equipment particularly Geode DZ's and LTU should be protected from direct sun light and rain.
13. Bidder should deploy separate vehicle(s) for transporting the electronics and equipment from base camp to field site & back and also onsite shifting. i.e. Geode DZ's, LTU's, solar panels etc.
14. It is successful bidder's responsibility to help in re-acquiring data in case of any data loss or bad quality due to bad cables, noise in the line / ground electronics failure. In such case, same should be repeated at successful bidder's cost.
15. At the time of recording operations, the successful bidder's men should remain still so as not to create any cultural noise. He has to provide vehicles and hospitality arrangements for inspection teams from CMPDI/ other departments, if required.
16. The successful bidder has to employ well experienced personnel with valid heavy duty vehicle driving license to transport vibrators T-15000 /HEMI-50 from field base camp to work site & back. They should assist NGRI team for repairs & maintenance of the vibrators and field vehicles etc., as and when required.
17. Successful bidder has to establish necessary base camp and other logistic facilities/arrangements for the field staff, transportation to field site and back. He should also ensure that good HSE policies are followed during field survey strictly. Health and safety of their staff is the responsibility of successful bidder.
18. Successful bidder should strictly follow all statutory norms of Health Safety and Environment (HSE).

Deliverables:

- a. Log of daily work done related to Seismic job services like no. of Geophones, cables, batteries etc used for each shot points, list of shot points covered in each day include repair work if any along with repair works attended.

- b. Location of starting and end points picket nos, should provide to NGRI team before starting the day's work and next day's work plan at the end of the day.
- c. Bidder should provide the list of the manpower deployed for the each day's work along with their experience.
- d. Bidder should submit details of rebuilt of the bunds and paths etc along with the Daily progress reports.
- e. Successful bidder should submit Seismic job services daily progress reports certified by NGRI party chief in the book form separately.
- f. **Daily progress report should be submitted every day to the Party-Chief, NGRI camp during the fieldwork at the site.**

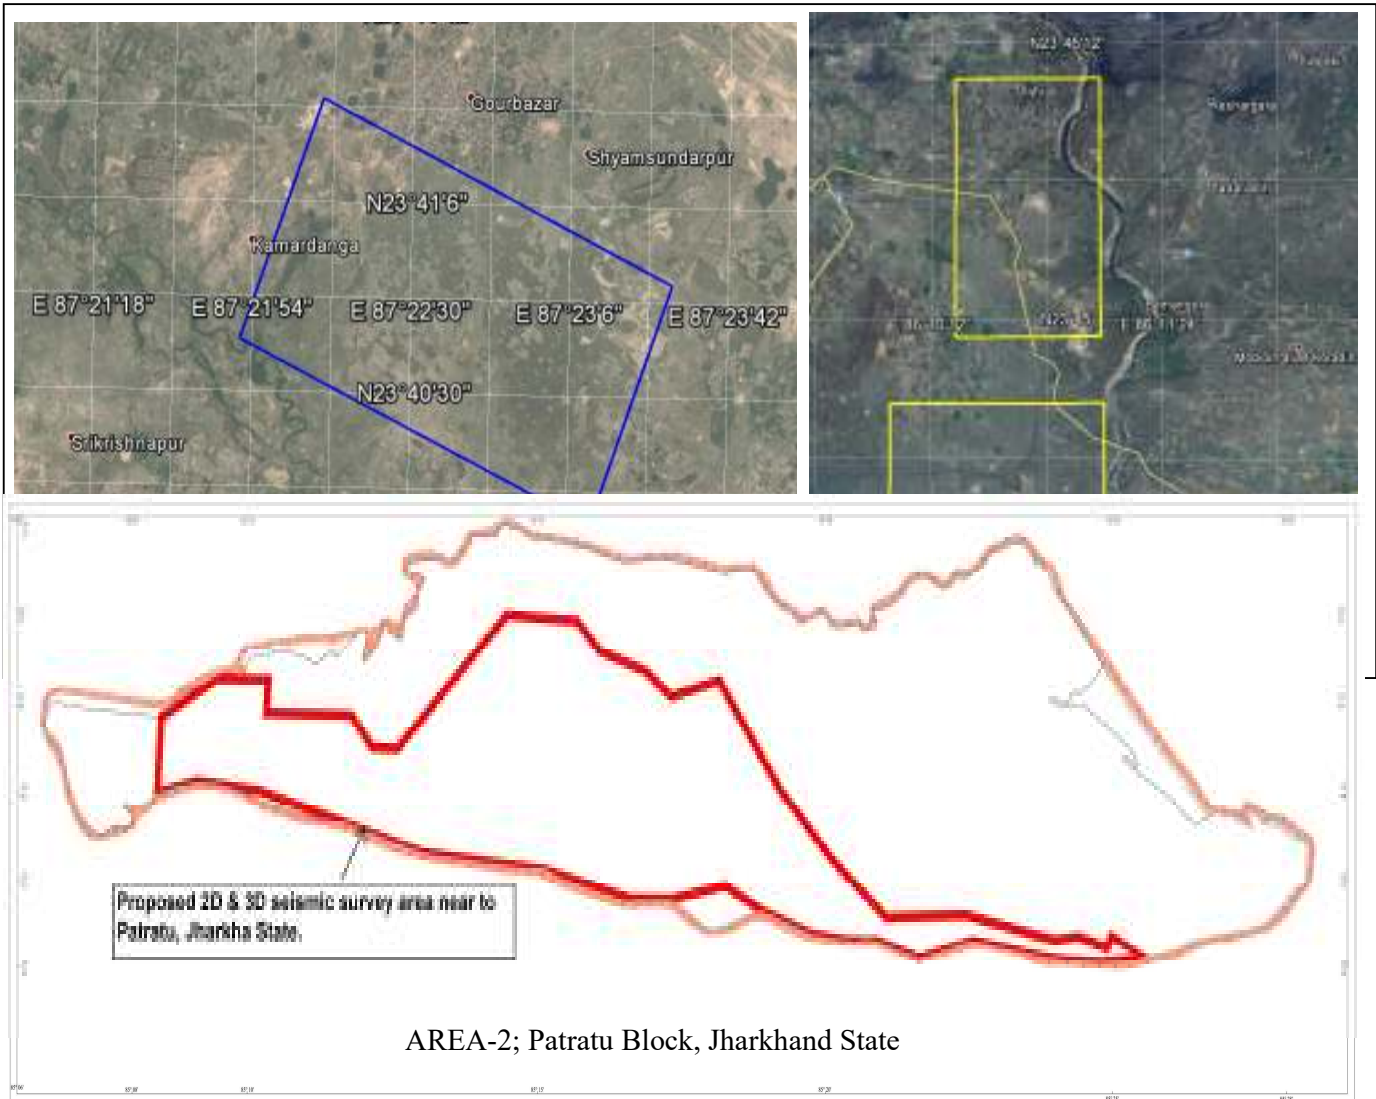

Returnable materials:

All maps/data books should be returned to NGRI after completion of the fieldwork. Successful bidder is responsible for the security of maps/data books while storage and handling. Only the responsible authorized officer should use the data/maps for benefice purposes. No part of the maps/data book should be taken photo-copied without specific permission of Director, NGRI.

The following are the list of the Seismic equipment (M/s Geometrics Inc., USA) will be provided by NGRI for conducting 2D/3D seismic studies at proposed areas which needs to be return in working condition to NGRI after completion of the work.

S. No.	Equipment name	QTY (approx.)
1	Geodes	160
2	Geophones	1600
3	LTU	15
4	Seismic 8 channel Cables	200
5	Batteries	150
6	Seismic 4 channel Cables	40
7	Power Cables	180
8	Digital Cables	12
9	Solar panels	30
10	Mini vibroseis and Hemi 50 vibrator	01 (each)
11	Other accessories required for 2D/3D surveys.	

Actual quantity of the equipment will vary at the time of physically handing over before starting of the work.

SCHEDULE OF RATES TO BE QUOTED BY THE BIDDER for
