INSTRUCTIONS TO BIDDERS

1.0 CSIR-National Geophysical Research Institute (CSIR-NGRI), a research institute under Council of Scientific and Industrial Research (CSIR) presently engaged in R&D activities in Earth Sciences in different parts of India, proposes to carry out **Topographical Survey around Kudankulam, Tamil Nadu.**

2.0 Accordingly, CSIR-National Geophysical Research Institute (CSIR-NGRI), Hyderabad now invites bids from capable and experienced parties for carrying out Topographical Survey near to Kudankulam, Tamil Nadu.

3.0 BID DOCUMENTS

3.1 The Bidder shall comply fully with the instructions contained in this Bid document. The bidder is expected to examine all instructions, sections, terms and conditions, specifications etc. in the bid documents. Failure to furnish all information, data as required by the bid documents or submission of a bid not substantially responsive to the bid documents in every respect will be at bidder's risk and may result in the rejection of their bid.

3.2 Bidders shall bear all costs associated with the preparation and submission of bid etc. NGRI will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

3.3 Bids are to be submitted in sealed cover. **The outer covers should duly bear the tender number and date of closing/opening of the bid prominently underlined, and should be addressed to the Director, CSIR-NGRI and delivered to Office of COSP, NGRI, Uppal Road, Hyderabad 500 007**

Bidders desiring to deliver the bid in person may handover the same to the Bid Receiving Officer at Office of COSP, CSIR-NGRI. Bidders may also submit their offers by registered post / speed post to reach CSIR-NGRI on or before the due date and time.

4.0 EXPERIENCE OF THE BIDDER AND HIS PERSONNEL:

4.1 The Bidder as a Company / Joint Venture company should have proven experience in execution of two Topographical jobs covering 6000 - 8000 survey points over the past five years, as on due date of tender submission

Documentary evidence to substantiate the above experience criteria as per the Clause No. 4.1 shall be submitted along with the bid

4.2 The following documents should be enclosed along with the Bid.

- a) The original copy of Bid document duly signed on each page as token of having accepted the terms and conditions of the Bid Documents. Proof of experience should be submitted along with the bid.
- b) Descriptive literature of the bidder's constitution, experience and past performance on similar jobs and capabilities of the personnel.
- c) Technical details as per Bid Document duly filled in and signed.
- d) Exception, if any, to NGRI's terms and conditions of the contract.
- e) Bidders are required to submit EMD as per Clause 9.1.
- f) Any other information/details as required under Bid Document.

4.3 Bidders shall clearly indicate their legal constitution and person signing the Bid shall state

his capacity as also the source of his authority to bind the Bidder. The power of Attorney or Authorization or any other document constituting adequate proof of the powers of the signatory to bind the bidder shall be annexed to the Bid. NGRI will reject outright any Bid unsupported by adequate proof of the signatory's authority.

4.4 The Bidder shall sign his proposal with the exact name of the firm to whom the contract is to be awarded. Executive of the Bidder's organization stating his rank/designation, enclosing a copy of his Power of Attorney to sign the Bid, shall duly sign the Bid.

4.5 **Bidders are required to indicate** the type and quantity of equipment and list of personnel & their experience (Topographical Survey etc.) to be deployed for the services to be rendered by them against this contract.

4.6 Relationship with NGRI.

The bidder shall declare in writing that neither he nor any of his associates is in any way related to any Officer of the rank of Under Secretary or above in CSIR/Laboratories. NGRI may decide not to deal with such firms who fail to comply with the above advice.

4.7 Canvassing in connection with the bid is strictly prohibited and the bid submitted by the successful bidder who resorts to canvassing will be liable for rejection.

4.8 Deleted.

4.9 Site Visit, Local condition etc:

- a. The bidder is advised to visit and examine the site of works and its surroundings and obtain for himself on his own responsibility, all information that may be necessary for preparing the bid and entering in to contract. The visit to the site shall be at the bidder's own risk and expense.
- b. Failure to visit the site or failure to study the bidding documents will in no way relieve the successful bidder from furnishing any material or performing all works in accordance with the bidding documents, as a lump sum contract.
- c. It will be imperative for each bidder to fully inform himself of all local conditions and factors which may have any effect on the execution of the contract as described in the bidding document in their own interest.
- d. It is the responsibility of the bidder that such factors have properly been investigated and considered while submitting the bid proposals and that no claim whatsoever including those for financial adjustments to the contract awarded under the bidding documents will be entertained by NGRI and that neither any change in the time schedule of the contract nor any financial adjustments arising thereof shall be permitted by NGRI.

5.0 INSTRUCTIONS FOR FILLING BIDS

TERMS OF REFERENCE / SCOPE OF WORK

QUANTUM OF WORK:

CSIR-NGRI proposes Topographical survey around Kudankulam, Tamil Nadu State covering about 70.0 LKM. The work component may be variable 10%. Location of the area and their Lat-Longs are shown in the map. The proposed seismic lines positions may change slightly before or during the data acquisition due to the obstructions in the field. This will be decided by the CSIR-NGRI Scientists before start of the work.

Topographical Survey consists of the following:

Topographic survey work as stated in the Quantum of work covering total 70 LKM of 2D seismic surveys in Tamil Nadu state have to be carried out in the following sequential order.

- Complete reconnaissance survey is to be carried out in the study area by the survey party as directed by the NGRI representatives. NGRI party chief will identify the starting and ending locations on the ground for each seismic profiles/lines and accordingly topographical team should fix the coordinates of the locations through DGPS. Further, topographical team should provide the detailed map showing all possible accessibility roads, control points and obstructions etc. before starting the 2D seismic data acquisition.
- The successful bidder should fix control points through DGPS on the ground at every 2Km for 2D seismic survey as per NGRI Party chief's instructions. Concrete pillars as specified below sketch at beginning and ending of each line and at every specified interval point / DGPS control point, whichever is the nearer.
- The successful bidder shall demarcate the seismic lines as decided by the NGRI scientists with equal spacing of 10 m between the geophone locations as specified by NGRI Officials. The total work comprises of marking points very clearly at specified interval of 10 m either by putting a wooden peg / flag with clear marking on land / trees or any other reference point by assigning a proper picket number or by any other suitable means. Staking report with rough sketch route map of entire work is to be supplied to the seismic party well before commencing seismic data acquisition operation.
- Successful bidder should able to deploy well experienced crew for 2D survey to start the work in the proposed areas.
- Successful bidder should strictly follow all statutory norms of Health Safety and Environment (HSE).

SURVEY EQUIPMENT:

The survey equipment used for the survey has to be declared in the bid. Successful bidder should show all the equipment with calibration tests to NGRI officials before commencement of the survey. A complete DGPS check shall be carried out before the start of the survey. Manufacturer's recommended tests shall be performed at regular intervals for all the survey instruments / equipment and results submitted to onsite NGRI representatives.

TOPOGRAPHIC SURVEY STANDARDS:

i) Accuracies

The survey error

- a) Should not exceed 0.1% (Horizontal)
- b) Should not exceed 10cms for surface elevation (Vertical)
- c) bearing ± 2 seconds.

ii) Relative Positional Accuracy

- a) Angular error: 1' between the control points at 500 m to 700 m
- b) Linear error: 30 cm -40 cm

iii) Levelling

Main loop error shall not exceed $0.025m * K$, where K is the loop distance in kilometers, which is an error of 25 cm/Km.

iv) Spheroid: WGS 84

The successful bidder shall carry out control survey of pillars and picket point implantation using DGPS RTK- GPS technique as generally done for 2D seismic surveys with accuracy better than 0.025 m in height and 1:1000 scales. DGPS survey data comprising of WGS84 coordinates, Lambert coordinates should be provided after completion of survey. All the data should be fully compatible to the coordinate system followed by Survey of India.

Successful bidder should also provide records of calibration of survey equipment and performance test to the satisfaction of NGRI representative at any given time. As the area stands to be in restricted forest zone, the topographical maps may be handled with great care with proper security, only to be handled by authorized persons [names of such persons may be intimated to NGRI before commencement of field work]. No photocopy of topo-sheets is allowed at any cost. A complete list of the surveyors along with in-charge of field survey work, who are going to take up the work, may be intimated to NGRI CAMP Party Chief, before commencement of work. In charge of field survey work from successful bidder's side is required to be present for the entire duration of field data acquisition in order to monitor day to day work progress and execution of any change in survey programme / parameter / alignment, as may be required by the NGRI's scientists from time to time.

Bidder should deploy two survey teams as per the NGRI party chief's instructions to take up seismic work along two simultaneously lines or contiguously depending on the field requirement.

The total work encompasses 1) marking a point at every 10m. interval clearly by putting a wooden peg with clear marking of picket number along the given lines 2) providing direction / guidance, to seismic crew, about approach roads 3) giving elevation and location details for each point and 4) erecting pillars providing suitable benchmarks or reference points. Line clearance including payment of compensation like crop damage, bush clearance etc. is to be borne by successful bidder. All the relevant area maps will be provided by NGRI. Bidder should deploy his crew for topographical survey work required for conducting experimental geophysical work as per the instructions of the NGRI party chief. Any resurvey and re-pegging /marking, if required, will be carried out by the successful bidder at his own cost & responsibility.

The survey party should be available for the entire duration of the seismic survey and till the completion of the work. One survey team should show the survey points on the traverse every day to the NGRI field party and accompany them. In case any semi-permanent markings/pillars (as per enclosed diagram) fixed on the ground are not visible, they should be fixed again.

Deliverables:

- Log of daily work done related to Topographical survey like no. of receiver points and source points at each seismic line.
- Starting and end points, location / picket nos, before starting the day are work and closing.
- Bidder should provide the list of the manpower deployed for the each day's work along with their experience.
- Successful bidder should submit Topographical survey daily progress reports certified by NGRI party chief in the book form separately.
- All original field data records in ISO 9001:1994 format in bounded volume
- All computation books in bounded volume/register.
- Final rectangular coordinates and height above MSL in meters in volume and in an appropriate media.
- Error listing obtained between different control points and its distribution in coordinates and heights above the MSL be provided along with final data.
- Successful bidder should provide 1: 50,000 scale map and willing to prepare maps of 3 different scales i.e. 1:5000, 1:10000 and 1:50,000. The maps should show all controlled points for traversing and height control may be provided along with the final data. The Successful bidder shall arrange to carry out topographic survey necessary to determine their precise location and elevation of each shot and receiver location and tie the same to the nearest available permanent bench marks. The successful bidder should also attend any other survey related work as directed by NGRI party chief.
- Maps (post-pointed) in 1:10,000 & 1:5,000 scale with profile and shot point locations.
- Daily progress report should be submitted every day to the Party-Chief, NGRI camp during the fieldwork at the site.

Returnable materials:

All maps/data books should be returned to NGRI after completion of the fieldwork. Successful bidder is responsible for the security of maps/data books while storage and handling. Only the responsible authorized officer should use the data/maps for beneficence purposes. No part of the maps/data book should be taken photo-copied without specific permission of Director, NGRI.

Location map of the 2D seismic profiles to carry out Topographical survey

NOTE: The above shown profiles in the map may change in length and orientation depending on the accessibility during the execution of the work.

GENERAL CONDITIONS

Area of work falls in southern east coast of Tamil Nadu near Kudankulam. The investigations will be carried out by the side of Reserve Forest area bidder should take all precautions so that no environmental damage is caused due to their activity. It should be noted that Forest Department will not permit cutting of trees.

Bidder should obtain all necessary permissions from statutory / local authorities before commencement of the work. However, the necessary documents will be provided by NGRI.

Time Schedule:

The **Time for completion of work is 4 months**, from the date of completion of mobilization, excluding monsoon break.

Mobilization period allowed is maximum 10 days from the date of award of contract.

SCHEDULE OF RATES TO BE QUOTED BY THE BIDDER
